

RIBBON MIXER

DNV

ISO2000:9002

Ribbon Mixers for Powders/Granulator/Pastes

A 、 APPLICATION

Food, Feed , Spice, Fertilizer , Chemical, Dye, Pigment...etc.

B 、 FEATURE

- The inner and outer layers dual-spiral "S" sign crossing of upper and lower mixing type is adopted. Mixing effectiveness is good. Speed is fast. Powder dust will not fly in operation.

Complete and thorough blending of raw materials by ribbon agitator which create two layers and counter movement of flows.
